Camp CAP focuses on
Education, Fairness and
Leadership. How have you
included these themes?

What actions have you
taken to protect nature?

How have you included
Water management in
your CAP?

How might you make the
buildings in your school
more sustainable?

We all produce waste,
What will you do with it?

Every project has choppy
waters, Can you list some
challenges you might face?

Welcome to the picnic stop!
How are you including food
systems?

Although we can't canoe,
How have you included
transport in your CAP?

Wellbeing creates a safe
environment for all, How
is it included in your CAP?

Take a moment by the reeds,
Are there any more actions to
include in you CAP?

Congratulations!
You've reached the end
